

On-site COVID-19 PCR Testing

As part of our ongoing commitment to guest safety, we are delighted to announce that we have secured an arrangement with a local certified laboratory to offer our guests the convenience of an on-property PCR COVID-19 test at a special price that will be subsidized by the Hotel. The test will be available to all guests requiring a mandatory negative PCR COVID-19 certificate in order to travel to their home country.

The on-property testing will take place at regular intervals and will be conducted by approved and experienced medical laboratory staff. Samples will be taken from hotel guests and the results will be provided within 24 hours prior to their departure flights at the latest. Payment for this service will be made by guests directly to laboratory on the day of testing.

In order to book your PCR test appointment, please contact the Reception OR Guest Relations Department upon arrival.
